“Beauty *is* my business”

Maisie Dunbar is a Global Celebrity Beauty Maven among the world’s most recognized Beauty Professionals. A media go to person for all things beauty and the President and Founder of The Award-Winning Maisie Dunbar Spa Lounge featuring Bluffajo Cosmetics, she is one of the world most sought after Beauty Professionals by fashion industry leaders and celebrity elite.

Bluffajo Cosmetics was established in 2006 by **Maisie Dunbar**, which followed the success of **Maisie Dunbar Spa Lounge**, a recent Liberian Award Winner of 2013 “Business of the Year” in Silver Spring, Maryland. Maisie’s decision to expand her ambitions was triggered in part by the passing of her parents. Embracing a new perspective on her life goals, she desired to leave behind a legacy for her own family by focusing on her passions for health and beauty.

What is a Bluffajo?

A **BluffaJo** is a sensuous, sophisticated, and cosmopolitan individual who makes a conscientious effort to look his/her best from head to toe. Although originally a West African term from the local vernacular of Liberia used to describe one who embraces inward and outward beauty, the Bluffajo spirit transcends culture and gender.
